

## **Introducing the Joint Executive Committee (JEC)**

The JEC has been established to oversee the collaboration between College House and Meadow Lane Schools. It has members from both governing bodies and can also co-opt other members to support its work.

It has now met on two occasions and has agreed the staffing arrangements to manage both schools during the collaboration and the Performance Management arrangements for the Executive Head teacher. A timeline for more detailed exploration of the options for longer term management of both schools has also been prepared.

The Committee will only be dealing with matters relevant to the collaboration, all other matters will continue to be dealt with by the Governing Body of each school. Any proposed changes will need to be agreed by both Governing Bodies.

The JEC is firmly committed to involving pupils & parents, staff and the wider community in its deliberations and to communicating progress on a regular basis.

Any questions in relation to the work of the JEC can be addressed to the Executive Head, Mrs Jo Revill, or the Chair, Mrs Sheila Birchall, through the office of either school.

Looking forward to working with you and to a positive outcome for both schools.

Sheila Birchall
