

MEADOW LANE INFANT SCHOOL – MATHS WORKSHOPS

2 October 2015

As part of our work in school to develop the teaching of maths we are hoping to arrange some workshops for parents this term. These will be held on Thursday afternoons for three weeks on Thursday 15th October, Thursday 22 October and Thursday 5 November 2015 (in the School House) and will be led by Leah Wignell our Maths Co-ordinator. A crèche will be available for younger siblings. We will also be holding a repeat evening session on Thursday 12 November 2015 from 6.30 to 8.00 pm. **(Please note this evening session will be held at College House Junior School).**

The workshops will include:

- An introduction to the new Maths curriculum.
- The teaching of calculation, how it is taught in school and how you can help at home.
- Expectations of attainment in maths in each year group.
- How to help your child with maths at home.
- Plus at the evening workshop we will include information about the development of calculation and the expectations for children at each year group leading to the tests and assessments at the end of Year 2 and Year 6.

At the evening workshop Jenny Brown (from College House) and myself will take you through the journey of a child as a mathematician – how it is taught in school and how you can help at home.

If you are interested in attending the three afternoon workshop sessions and/or the evening workshop please complete the slip below and **return it to school by Friday 9 October 2015.** Please also let us know if there is anything in particular you would like more information about regarding the teaching of maths – thank you.

MEADOW LANE INFANT SCHOOL – MATHS WORKSHOPS – AUTUMN 2015

Name of child: _____ Class: _____

I/We will be attending the three afternoon workshops. Number of places _____

I will/will not need crèche places. Number of children in crèche _____

I will be able attend the evening workshop Number of places _____

I would like more information about - please list below:-
